

Saskatoon Search and Rescue

Application Package
2014

Dear Volunteer,

We are very pleased that you have decided to apply to become a member of Saskatoon Search and Rescue. Enclosed is our application package which we ask you to complete and send in to us by mail, or deliver at one of the training meetings.

As outlined in the information package, Saskatoon Search and Rescue is a unique volunteer opportunity; it is the chance to make a very valuable, hands-on difference in the life of a missing person and their loved ones. The nature of the work relies on the volunteer's judgment, dependability, and positive attitude in accomplishing the goals of the search.

For this reason, Search and Rescue Members/Searchers are screened carefully. While we have a need for all kinds of volunteers, it has been our experience that not all who apply are suited to this complex type of work. If you have not yet completed the Pre-Screen package, please do so prior to completing this application package.

Please read through this material carefully and contact us with any questions you may have. Please fill out the application form and submit it along with the signed copy of the Code of Ethics and the waiver.

Thank you for devoting your time to this worthy endeavour.

Sincerely,

Jeff Baxter
SSAR President

Equal Opportunities Policy in Recruitment and Selection

Our volunteer recruitment processes are carried out in a way that ensures that individuals are selected purely on the basis of their ability to do the role for which they have applied.

No volunteer will receive less favourable treatment on the grounds of sex, marital status, disability, race, ethnic origin, nationality, age, sexual orientation, religious belief or political opinion or be disadvantaged by conditions or requirements which are not justified or relevant to the role. The sole criterion for selection is the suitability of the applicant for the role.

We are committed to ensuring that every applicant applying for a volunteer role within SSAR is treated fairly.
